Tru-Cut Manufacturing is a family owned and operated U.S. Corporation, established in 1958 and devoted to serving our valued customers. Our state-of-the-art manufacturing facility in Cary, Illinois is producing the finest **American Made** drill bits obtainable anywhere.

Our C.E.O. Mr. Joseph Lebar, has been involved with the manufacturing of precision drill bits since 1951. His field credentials speak for themselves! Through hard work and as plant manager of Republic Drill from 1956 to 1962, Joe earned the reputation as one of the most sophisticated and knowledgeable "Drill Men" in the United States. Joe's proven dependability, backed by more than 40 years of hands-on experience, combined with Tru-Cut's state-of-the-art production Technology, continues to impact the industry.

At Tru-Cut, we take our work very seriously and know, without exception, the product quality we deliver is second to none. We maintain the competitive edge on small orders, yet provide the same quality products to some of the largest corporations in the United States as well. It's no accident that we have sustained healthy business growth for nearly 50 years in spite of fierce foreign competition. Our satisfied customers extend from coast to coast throughout North America, and the list continues to grow.
